WORLD ACADEMY OF SCIENCE, ENGINEERING AND TECHNOLOGY

ICSE 2016 : XIV International Conference on Structural Engineering

ICSE 2016

May 4-5 2016, Rome, Italy

Hotel Mediterraneo Via Cavour, 15, 00184 Rome, Italy

CALL FOR PAPERS

The ICSE 2016 : XIV International Conference on Structural Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Structural Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Structural Analysis and Design
Computer-Aided Design
Numerical Methods and Algorithms
Finite Element Modelling
Boundary Element Methods
Computational Structural Mechanics
High-Performance Computing
Nonlinear Dynamic Modelling
Computational Wind Engineering
Vibration Analysis and Vibration Control
Full-Scale Testing of Structures
Design for Earthquake

Resistance
Design for Wind and Storm Resistance
Design for Fire Resistance
Design for Blast and Impact Resistance
Loadings on Structures and Design Codes
Case Studies of Structural Failures
Innovative Solutions in Design and Construction
Plasticity and Nonlinear Material Modelling
Damage Mechanics, Fracture and Fatigue
Structural Stability and Buckling Phenomena
